

Service Leadership Program Internship (2024 Graduates)

Dream Big. Be Bold. Go Places.

The Services Leadership Program Internship is a broad encompassing, dynamic and challenging role that will provide the opportunity to work with Gartner leaders. You'll be utilizing both quantitative and qualitative techniques to analyze data, problem solve and find solutions that help us provide more value to our clients. Key to this role is a commitment to your personal development and an ability to communicate clearly and effectively, since associates are expected to implement feedback and rapidly develop business skills and leadership traits.

What you'll do

- Develop creative approaches to solve complex, real business problems
- Uncover insights and streamline repeat activities using data visualization tools such as Power BI
- Apply data mining techniques, perform statistical analysis, and build high quality prediction systems utilizing tools such as Python and R
- Collect feedback to write a road-map for IT development of applications
- Participate in professional development sessions and hear from senior executives

What you need

- Fueled by critical thinking and passion for data analytics
- A high performing student with demonstrated leadership and work experience; Degree in Science, Technology, Mathematics or Engineering preferred but not required
- A proactive, self-starter who is organized and able to prioritize multiple tasks
- A strong collaborator with a positive attitude and high attention to detail
- Good at synthesizing and organizing information into meaningful content

Why Gartner

We empower associates to reach their full potential in an environment where everyone has equitable access to opportunity. We have a diverse, inclusive, supportive workplace where all associates can thrive.

Service Leadership Program (2022-2023 Graduates)

Dream Big. Be Bold. Go Places.

Gartner's Services Leadership Program is a 2-3 year rotational program within the Client Services Organization. In your first month as a Business Associate you can expect to go through a 2-week academy that will teach you the fundamentals of Gartner, including an overview of who our clients are and how we support their mission critical priorities. You will be assigned a peer mentor, and for every rotation you will have a Senior Development Leader; both of these individuals will ensure you are supported through your journey in the program.

What you'll do

- Work on the most critical initiatives that will help improve client retention and drive team effectiveness
- Lead change management processes
- Provide data-based insights on business-unit performance to top leadership
- Gain significant exposure to senior executives
- Receive continuous coaching and feedback
- Collaborate across business functions, tackling some of Gartner's toughest problems

What you need

- Bachelor's degree required; Business field preferred
- 1 year of intern/professional experience preferred
- Passion/enthusiasm for client service and team leadership
- Proven track record of high performance fueled by delighting clients
- Strong leadership skills
- Problem-solving skills

Why Gartner

We empower associates to reach their full potential in an environment where everyone has equitable access to opportunity. We have a diverse, inclusive, supportive workplace where all associates can thrive.
